Who is SER Corporation?

For over 42 years SER Corporation of Kansas, a private, non-profit organization, has been providing employment and training services. SER stands for Service, Education and Re-training and is the direct grantee for the NFJP in Kansas. After 4 decades of successful operation, SER is proud of its record of service in Kansas.

What is the NFJP?

The National Farmworker Jobs Program (NFJP) is a nationally directed job training and employment program. It was created by Congress in response to the chronic seasonal unemployment and underemployment experienced by agricultural workers. It is currently authorized under section 167 of the Workforce Innovation and Opportunity Act (WIOA) and is a partner of the local One-Stop delivery system.

How can the NFJP help you?

The NFJP can help you find full-time year round employment. You may be eligible to receive assistance with paying for training classes. The NFJP may also help you obtain a job while you train and earn wages. In addition some necessary expenses may be paid to allow you to complete training.

Do I have anything to lose?

The NFJP is funded by the Department of Labor, therefore, there is no charge to our clients or to the companies who use our services.

Who is eligible?

If you have worked in feedlots, a farm, ranches, grain elevators, green house or have done field work in the last two years, you may qualify. You also must be a citizen or legally authorized to work in the U.S. A. All males must have registered for the Selective Service. In addition you must meet certain income and farm work criteria.

What will I gain?

You will gain the necessary skills needed in a field you are interested in. You will become a productive citizen in your community. You will no longer have to depend on seasonal farm work for your income.

How do I apply?

Complete the pre-application printed on the inside and mail to the SER office nearest you. If you have any questions please call any of our offices. The toll-free numbers are listed on the front.
