The final grade will be determined by total points earned for tutorials, assignments, exams plus/minus an attendance adjustment.

Updated 10/8/2018

Attendance

Students are expected to attend all classes. Regular class attendance is necessary for maximum success in college. It is the responsibility of students to make definite arrangements for all work before going on field trips or other College-sponsored trips. School-sponsored activities will be counted as excused absences provided students complete all necessary assignments as designated by the instructors and the activity sponsors notify the instructors at least three (3) days prior to the day(s) the students will be absent. Excused absences are to include academic competition, judging team competition, music events, official athletic events, field trips, convocations and other College-sponsored events as approved by the Vice President for Academic Services. A student may be withdrawn from any class for excessive absences or non-participation.

Attendance is of utmost importance in this course because the lectures and assignments will be completed in class at the computer. All students are expected to attend class.

- Attendance will be taken at the beginning of the hour each class period. If you are not present when attendance is taken, you will be counted absent for the day.

- It is the responsibility of the **student,** not the sponsor, to make definite arrangements with the instructor for makeup work **before** going on field trips or other College-sponsored events. College-sponsored events will be counted as excused absences provided students complete all necessary assignments as designated by the instructor. If you do not inform your instructor of your absence *before* you leave, then you will be counted absent. Excused absences are to include academic competition, judging team competition, music events, official athletic events, field trips, convocations, and other College-sponsored events as approved by the Vice President for Academic Services.

The following scale will be used to determine your attendance adjustment for your final grade:

Number of Absences	Percent
0	+5%
1	+3%
2	+2%
3	+1%
4	-1%
5	-3%
6	-6%
7 or more	**MUST withdraw from class, if past drop date -10%**

Example:
If your grade average is 92% and you have 5 absences, then your final grade would be an 87%.

Grade Average	92%
5 Absences	-2%
Final Grade	89%

If your grade average is a 78% and you only have 1 absence, then your final grade would be an 81%.

Grade Average	78%
1 Absences	+3%
Final Grade	81%

Any student who has 7 unexcused absences must drop the class for excessive absences and non-participation in the class. It is the student's responsibility to take care of this procedure. The instructor will NOT complete this paperwork for you.

It is your choice to be in this class. If you choose to come to class, the instructor and fellow students demand your attention and respect. **The use of cell phones or other mobile communication devices and/or electronic devices are disruptive, and is therefore prohibited during class.** Except in emergencies, those using such devices must leave

the classroom for the remainder of the class period. Any student who cannot meet these expectations will be asked to leave the classroom and will be counted absent for that day.

This course follows strict deadlines. All due dates will be posted on the SNAP web site (paradigmpublishing.instructure.com). All deadline times are CST (Central Standard Time).

Academic Honesty

Coffeyville Community College expects students to display the highest level of academic and personal integrity. Academic honesty is an expectation in each and every classroom and in all course work. In addition, most instructors list specific policies regarding cheating and plagiarism in their course syllabus. Students can expect disciplinary action for failing to maintain a standard of honesty. Violations will be filed in the Vice President for Academic Services Office.

Absolutely no tolerance!

Each student is expected to do his or her own work. Any student who is suspected of borrowing another student's work, doing another student's work, or giving a student his/her work will be **dropped from the class or receive an F**.

This attendance policy is subject to revision by the instructor with prior notice to the student.

Student Success and Accommodation Statement

The **Student Success Center (SSC)** provides free academic support services to all Coffeyville Community College students. SSC is designed to promote and support academic growth and success for all three CCC campuses. The center is committed to offering a wide range of academic services, including one-on-one assistance from a student tutor. Students who are in need of academic accommodations should contact the Student Success Center. Weekday hours are typically 8 a.m. to 5 p.m.

Student Success Center Hours *during the Academic Fall and Spring Semesters* are Monday through Thursday from 8 a.m. till 10 p.m. and Friday 8 a.m. until 5 p.m.

Instructional support for technical education programs/courses are provided by the Learning Lab

Coordinators at the respective technical campus location. Learning Labs are available for student use Monday through Friday from 8:00 a.m. till 3:30 p.m.
